7 Rubber Gasket Q8 x4

8 Side Covers x2

9 Hex key

10 Side Covers

11 Backrest

12 Seat

13 Lumbar support

14 Head support

ASSEMBLY

1 Push and twist the wheels
into the star base.

2 Place the gas lift cover
over the gas lift.

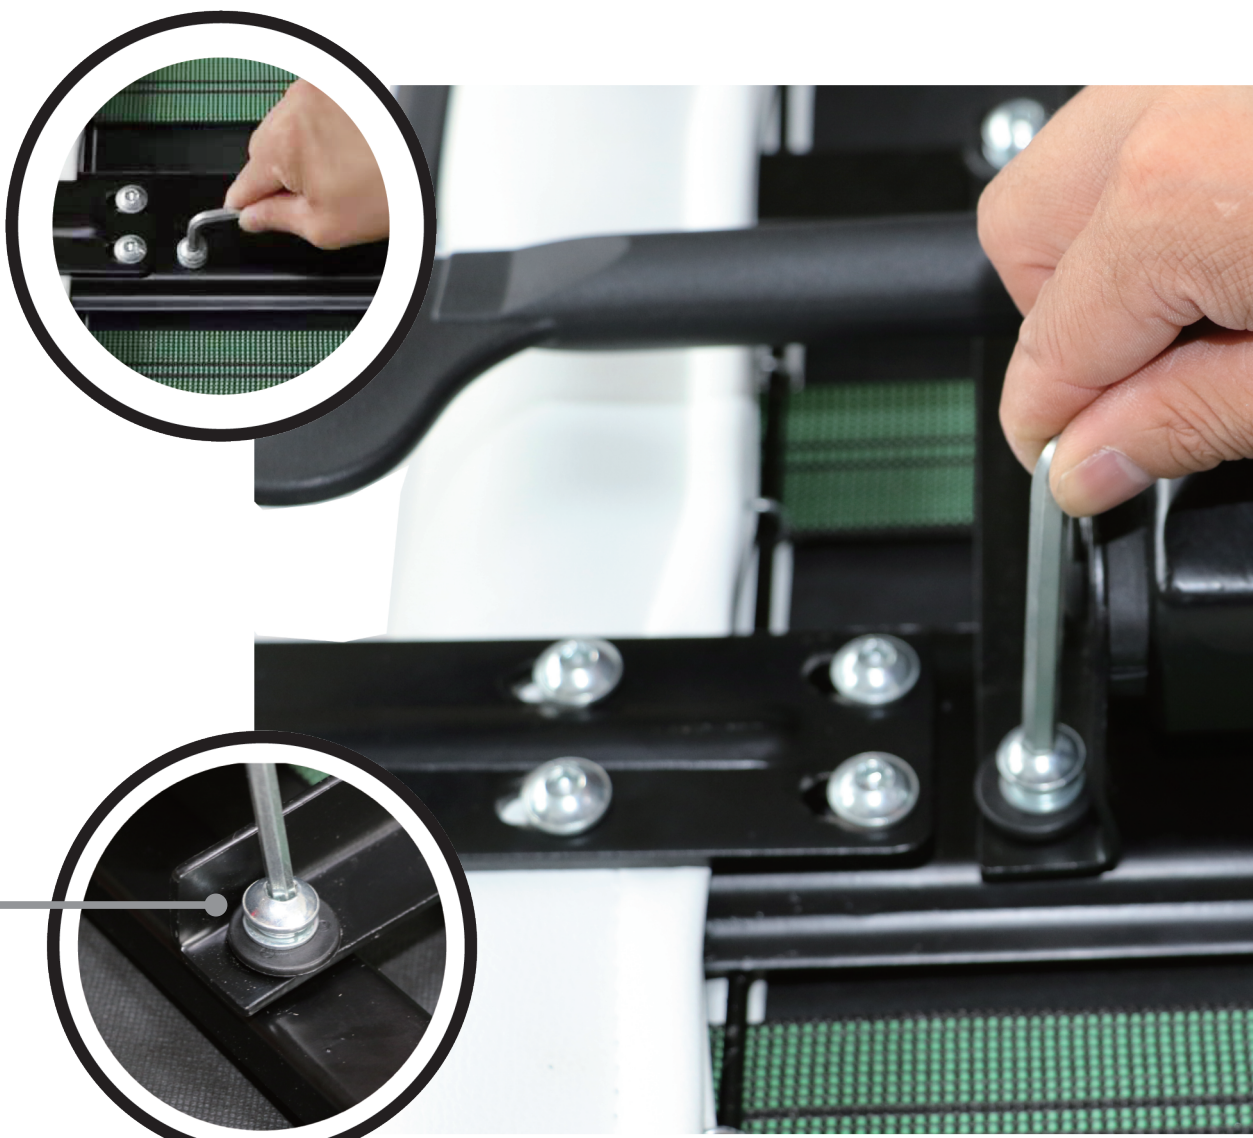

3 Remove the screws on the base first, then
align the mechanism with the screw holes at
the back of the seat for installation, tighten the
screws to fix the mechanism.

The arrow on the mechanism must be in
the direction towards the front of the chair.

The Rubber Gasket

Rubber gaskets can reduce the noise when
the chair is in motion.
You can choose whether to install it.

4 Attache the seats to the base.

5 Remove the screws on the side of the back
rest and fasten the adjuster on the seat.

6 Fasten the side cover with provide screws, and
put on the side cover.

7 Mount the lumbar and head support cushions
on the backrest to finish.
